Funding: How'd They Pay For All That

Sangam.org - Ilankai Tamil Sangam Association of Tamils of Sri Lanka in the USA

LTTE operations are funded both internally (by Tamils on the island of Sri Lanka) and exernally (the Tamil diaspora - LTTE branches in over 50 countries).

For a time, the Tigers ran their own banks. But they also relied on funds generated through everything from bank robberies to prostitution to credit card fraud to extortion. Piracy - both the traditional kind practiced by the Sea Tigers and the modern, digital boot-leg variety - has been another income source.

A great deal of money comes from charitable donations from Sri Lankans living abroad who believe in the cause as well as those Tigers who have to industrialized nations specifically to establish businesses (restaurants, grocery stores) to generate revenue to support the LTTE.

Traditional investments (stocks, real estate), as well as involvement in, but not personal use of, narcotics andweapons smuggling play major roles as well.
